#### **BOCES Sponsored Staff Development**

Policy # 2510, 5.1

## **POLICY**

1995                      2510

Community Relations

### **SUBJECT: BOCES SPONSORED STAFF DEVELOPMENT**

The Board of Cooperative Educational Services recognizes the importance of staff development as a vital element in the development of quality educational programs and sound personnel practices. Further aware of the essential role BOCES plays as a cost effective staff development service provider to our participating districts, the Board encourages and expects all BOCES staff development activities to demonstrate the highest quality of instruction organized in such a way to generate the highest degree of participant satisfaction and instructional/administrative improvement.

The District Superintendent will promulgate administrative guidelines implementing this policy and, as part of the annual review of accomplishments with the Board, include a report on the participant satisfaction and impact on the educational improvement.

Board Approved  
2/2/94  
7/18/95

Adoption Date: 2/2/1994, Revised: 7/18/1995
