### SUBJECT: EVALUATION OF INSTRUCTIONAL PROGRAMS

Evaluation may be concerned with the extent to which:

- a. Each staff member performs at full potential;
- b. Each student attending BOCES programs achieves in accordance with his/her ability;
- c. The total learning environment, including institutional processes, physical facilities, and the educational program, remains consistent with the needs of staff and the students and contributes to the accomplishment of the goals of the BOCES.

The Board of Cooperative Educational Services expects staff members to maintain a continual program of evaluation at every level to determine the extent of progress toward the BOCES objectives. The Board will periodically request the District Superintendent to present factual information which it considers necessary to evaluate the effectiveness of the BOCES instructional programs.
