SUBJECT: USE OF SCHOOL FACILITIES

The BOCES facilities were planned for the presentation of instruction for day and evening students. School connected as well as non-school organizations are eligible to request use of facilities. Requests must be made in writing to the Superintendent, or his designee, who will require whatever information he deems necessary. The Superintendent may act on the request or defer decision until the next scheduled Board meeting. Notification shall be given to the Building Principal(s) involved and to the Superintendent of Buildings and Grounds.

Fees will be collected to cover cleaning, light and heat.

The Board and Superintendent retain the right to deny use of facilities to any group or for any purpose that it deems not suitable.
