Instruction

### **SUBJECT: FIELD TRIPS**

It is recognized that field trips are instructional techniques that offer potential effectiveness. Teachers, with their respective administrator, must determine whether the field trip is the most appropriate procedure to meet the instructional objective.

Field trip parental permission slips must be completed and sent home with each participating student. A signed permission slip from the parent/legal guardian must be received before the student may participate in the trip.

All field trips shall be carried out in accordance with regulations and procedures developed by the administration.

Any overnight trip or a trip when school is not in session requires advance approval of the Board of Cooperative Educational Services.
